To: Cathie Santo Domingo

Cathie,

Attached is the test workbook that I sent to Mike earlier last week. Included is the Excel Table that I got from Alex Yee's team as an inventory of park properties aligned with the 43 Study Areas that I have been using as the template for the park properties.

Let me know if you have time to talk later this week, or next. The meeting I referred to earlier is on January 17 at 11:00 a.m., essentially Mike took over the time slot I had for the Measure A rollout meetings.

Best, and Happy New Year!

Bill Jones

Mike,

Here is the first iteration of an Excel Workbook that I created from our discussion a couple weeks ago. All data you see is dummy data right now just to see how we might enter and roll up project ideas.

Looking to create a workbook for each CD, and possibly a rollup to a Master Sheet for a global perspective to send to CAO and LA for Kids Steering Cmte. as a Qtrly report.

Let me know your thoughts. I will replicate this for all 15 CDs for our in-house meeting on 1/17.

Best, and Happy New Year.

Bill
